Hotels for Health Care Workers
Non-Congregate Sheltering for Health Care Workers

Program Summary
The Non-Congregate Sheltering for California Healthcare Workers Program provides hotel rooms to frontline health care workers who are exposed to or test positive for COVID-19. By providing hotel rooms in close proximity to medical facilities, health care workers avoid potentially spreading the virus once leaving their shift by selecting to stay at pre-identified hotel rooms that are provided at no charge or at a discounted rate.

This Program is also available for the health care workers hired through the California Health Corps.

Eligibility
To be eligible to participate in this Program, participants must:

- Work at a health care facility in California
- Have possible exposure to patients or individuals who may have COVID-19 documented by a state or county public health official or medical professional
- Not have the ability to self-isolate or quarantine at home
